Welcome to The Arts Faculty. The Arts includes the artistic pursuits that express and communicate what it is to be human through Dance, Drama, Music and Visual Art.

Students will develop and share understandings of themselves, histories, cultures and worlds to future generations and learn to convey ideas and feelings using appropriate forms, symbol systems and processes.

The Arts balance and enrich student experience by fostering skills that are transferable to other areas of learning across the school and in life.

Students also have the opportunity to participate in a number instrumental, dance and co-curricular programs:

- Instrumental Music
- Dance Troupe
- Co-curricular Opportunities Pathways

In today's world, our students have access to many opportunities and pathways to their futures. To help guide our students in the right direction, The Arts Pathway (PDF 44kb) will assist in preparing and planning for future study, careers and transitioning to future employment. Hot Topic!!
