

Investing for Success

**Under this agreement for 2017
Aspley High School will receive**

\$318440*

This funding will be used to

- Reach an 85% pass rate in English, Mathematics and Science for year 7-10
- Reach a relative gain level of 85% in reading and numeracy
- Decrease the gap between the school and nation in vocabulary and paragraphing in year 7 and 9 Writing
- Attain a 95% Queensland Certificate of Education/QCIA rate
- Support the learning needs of those with special learning needs including disability, English as a second language learners and indigenous students.

Our initiatives include

- Continue our wellbeing Growth Mindset approach to learning
- Use data cycles to inform teacher planning – reading, writing and numeracy
- Implementing running reading records for all at risk students
- Support the delivery of adjustments in Special, EALD and Indigenous education
- Continue whole school strategies to ensure teacher instruction of reading, writing and numeracy is explicit – vocabulary, warm ups, QAR, SCORE, TEEL, ASPIRE
- Implement Strengthening the Core, Stretching the ALL program
- Continue teacher collaboration and professional learning to plan effective learning interventions for student improvement
- Extend the school day for students at risk to attend tutorials and homework club as needed
- Extend the school year to include week 9 of term 4 to assist year 10 and 11 students to pass English, Mathematics and Science and to complete any outstanding work

Our school will improve student outcomes by

- Establishing Foundation Classes in English and Mathematics
- Employing teacher aides to support the classroom learning
- Employing tutors to support the after school program of support
