

# Investing for Success

## Under this agreement for 2020

### Aspley State High School will receive

\$442,599\*

#### This funding will be used to

- Improve the relative gain in reading, writing, numeracy and academic writing for all students against their targets, state and nation (as appropriate)
- Reach an 85% pass rate in English, Mathematics and Science for year 7-10
- Support the existing and emerging learning needs of those with special needs, including disability, English as a second language learners and indigenous students
- Provide a range of engagement strategies for co and extra curricula to extend our students and attend to transition and wellbeing programs to build and strengthen school culture.
- Attain a 90% QCE/QCIA rate and to support the successful transition of students to new QCE and SATE through resourcing, tutorials and wellbeing programs as appropriate
- Provide online learning tools for students to support learning and teaching

#### Our initiatives include

- Teams to support wellbeing, academic enrichment and intervention across the school. This includes Heads of Year, Teacher Aide in community events, Literacy HOD and increasing allocations for school based support – Guidance, Youth Support and Community Education Counsellor
- Providing students with materials and resources required to fulfill curriculum demands.
- Using technology and online platforms to support literacy, numeracy and engagement
- Implementing programs of retrieval and support for students at risk including running reading records, teacher aides in classrooms, employing additional support personnel and programs
- Providing curriculum equipment to support the delivery of diverse pathways and improve engagement across the curriculum
- Continuing whole school strategies for Stretching the ALL – guest presenters, tutors and instructors
- Continuing whole school strategies for Strengthening the CORE – teacher aides in classrooms, differentiated curriculum offerings
- Extend the school day through supporting our after school programs – homework club, after school supervision, clubs and activities
- Extend the school year for those at risk through using week 9 and 10 term 4 for year 10 and 11 as intense tutorial and teaching support as required in English, Mathematics and Science.
- Provide a focused and engaging end of schooling four week program for year twelve to support maximum achievement for all students.
- Continue to support students and families during exam phases through extensive tutorial and supervision programs
- Support the enhancement of school facilities to include senior schooling hub to support the delivery of "off line" support

**Queensland  
Government**

## Our school will improve student outcomes by

- Timetable Foundation classes in English and Mathematics in years 7 -9
- Employ teacher aides and tutors to support learning in classes and in after school programs
- Provide programs that engage at risk students in co and extra curricula activities and programs
- Provide materials and resources for learning and engagement in the curriculum
- Employ staff to support positive behavior and engagement
- Employ literacy and numeracy support teachers, leaders and coaches and provide staff professional learning
